

**IN THE SPECIFICATION**

*Please replace the paragraph beginning on page 4, line 18, with:*

A process for forming the ~~Al<sub>2</sub>O<sub>3</sub>~~ Al<sub>2</sub>O<sub>3</sub> film in accordance with the surface limited reaction mechanism will be explained in conjunction with Fig. 4 and chemical equations. The chemical equations are as the followings.

Herein, a notation, i.e., \* means "surface state".
